

# PRINT SCHEDULER

PRINT TICKETS, WORK ORDERS & REPORTS UNATTENDED

## How Improving SDE Performance Will Bolster Your Bottom Line

**A**utomatically print any document from Service Desk Express at any time in the future to any printer on your network with the Smart Service Desk Express Print Scheduler.

Automate the process of printing reports, work orders, preventive maintenance, change requests and notices. Save time, improve staff efficiency and ensure mission critical documents are printed and available on-time every time.

- ◆ Preprogram multiple projects with unique print criteria.
- ◆ Each project can be configured to print on a different printer.

- ◆ A print project can be a one time event or a recurring event.

- ◆ Crystal Report compatible.

- ◆ Preventive Maintenance and Work Orders can be scheduled to print prior to due dates.

- ◆ Printing can be triggered by SDE's business rules manager.

Speak with a Smart Service Desk Express professional today to schedule a free no-obligation consultation and learn how Print Scheduler can improve the efficiency of IT, facilities, human resources, software development and much more.
